

# Call for Posters

## International Workshop on Fog and Edge Computing for Smart Cities (FESC 2018)

Hong Kong, Nov. 9<sup>th</sup> - Nov. 10<sup>th</sup>, 2018

<http://www.smartcity.ie.cuhk.edu.hk/fesc18/>

In recent years, Smart City has emerged as a major technological trend that aims to integrate intelligent technologies with the natural and built environments to improve a city's social, economic, and environmental sustainability and quality of life of residents. Fog and Edge Computing have been recognized as key enabling technologies for a range of smart city innovations, including intelligent transportation, autonomous driving, and real-time surveillance on a city scale. FESC brings together world-leading academic leaders and industrial experts to discuss the landscape and technical roadmap of future smart cities.

FESC 2018 will hold a poster session to showcase work in progress. The size of poster should be A0 on which you can affix visually appealing material that describes your research. A Portable Document Format (PDF) version of the poster should be submitted when registering.

### Important Dates

Submission deadline:

**Nov. 5, 2018 (11:59 p.m. UTC +8)**

Notification of acceptance:

Nov. 7, 2018

### Submission and Registration

Poster presenters need to submit their posters when registering for the workshop at following website or the QR code:

<https://goo.gl/forms/t8azvRjyzJqbE50u2>

### Workshop Chairs

Guoliang Xing, Professor  
The Chinese University of Hong Kong

Minghua Chen, Associate Professor  
The Chinese University of Hong Kong
